Subject: Uber Needs Approval

Greetings:

Recently the PSC heard from citizens regarding the approval of Uber to operate in Charleston. During the meeting different members of the commission voiced that Uber is in town to stay but how that happens was being decided.

Yesterday, you issued a cease and desist order against Uber drivers in Charleston. This is directed at drivers like me who depend upon Uber as a source of income. It also punishes hundreds and hundreds of Uber customers who have come to appreciate the reliable, safe and predictable rides we provide.

Whatever the reason for the cease and desist order it provides none of your constituents with a solution. It appears punitive in nature and not in the interests of your citizens who drive and use Uber.

It is time to implement a fair and modern regulation that embraces choice and diversity in the market place.

Best Regards

RICHARD MURDACH

Please reinstate Uber, protecting taxis is counter productive and restricts choice.

To Whom it May Concern,

I am a SC resident and am tired of getting charged up the wazoo for cab rides home from Uptown. Uber is so much more efficient as well as cost effective. I enjoy the fact you can see ahead of time who will be picking you up and in what vehicle. The yellow cabs have monopolized transportation for decades. Let's give Uber the right to friendly competition!!

Sincerely,
Christina Bush
